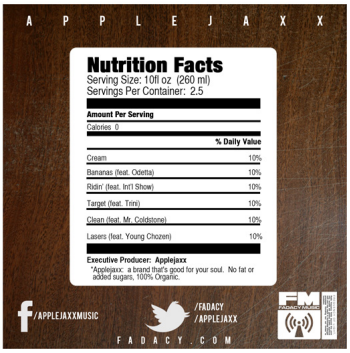
Applejaxx is ready to serve his new project, The Breakfast Club on July 31, 2012. The Breakfast Club (EP) is the second episode in the Organic series. The series began with Applejaxx' sophomore album: Organic and the final episode will conclude with an Organic book set to release winter 2012.

The Breakfast Club continues the saga of Applejaxx' desiring God so he can live the organic lifestyle. In the second episode, Applejaxx takes you on a journey through his life as he recognizes the need for morning devotion in addition to fellowshipping with believers. The Breakfast Club encourages the listeners to begin their day with the bread of life and living water.

In the Gospel of John, Christ stated that, "I am the bread of life. Whoever comes to me will never go hungry, and whoever believes in me will never be thirsty." Applejaxx explains, "Breakfast is the most important meal of the day. If I skip breakfast, I often eat fast and processed foods to satisfy my hunger. However, fast foods are designed to temporarily gratify while destroying our health. In parallel, our spiritual lives require us to spend time with the Lord. We have to be satisfied in Christ in order to resist the cravings in this world."


The Breakfast Club consists of production from: Oliver Grey, Kajmir Royale and Epik. Featured artists include: Trini, Mr. Coldstone, Odetta, Young Chozen and Int'l Show. Breakfast will serve soon. Bon Appétit.
