In order to serve the world at large with biblical relevancy, 21st Century ministry now looks like hip-hop that glorifies God. So with that in mind, *Joined at the Hip* is pleased to announce the release of *In Conjunction*, which simply means the state of being joined together.

The CD will drop in late February 2007. The album has 17 songs featuring Tha G.I.M., Torch, Damon O', JB Real, Shekinah, and DJ 1 God. The album has some hot production from Theory Hazit, Fatherz Child, B of 4Sight Sounds, Octavia Harris, DJ Triumph, LENstrumentals, and others. Expect to see an album review on Rapzilla soon.
