What some people don't know is that in the spirit of sharing good music FREE... Vintage Clothing Limited will offer to the first 1,000 customers an EXCLUSIVE Mixtape titled "reinVINTAGE" (a name combination of the words "reinvented" and "vintage"). Featured on this mixtape are some familiar names: Braille, Theory Hazit, Japhia Life, Dirt, Othello, Surreal, Soul P, and many more. Quite possibly the most exciting addition to the track list is some NEW and EXCLUSIVE material from The Remnant! Fans can expect to hear an exclusive REMIX of "Is" found originally on Anthem of a Life, some freestyle material, and brand new never before heard music including a track from Neogen's upcoming solo album! DJ Aslan (of illect records) puts the mix in effect as he blends and mixes the set making it a good old fashion continuous mix. This CD will not be available in stores or sold online for purchase and it will only be available through purchasing any Vintage Clothing Limited product while supplies last. Don't sleep on this opportunity to pick up some hot new music and enjoy some familiar classics as well.
